SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK
ON APPLICATION 050120453

REF: 2006 BLUE LANTERN GUIDEBOOK

¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests post's assistance in conducting a pre-license check on application 050120453 for the export of electronic component parts to South Korea. Post is requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

¶3. Reason for request: Unfamiliar foreign intermediate consignee Yeonhab Precision Co., Ltd. The company has not appeared on any previous license applications, nor have the bona fides of the company been verified by a Blue Lantern check.

¶4. ACTION: Department requests that Embassy make appropriate inquiries to verify the bona fides of foreign intermediate consignee Yeonhab Precision Co., Ltd., and to confirm the legitimacy of this proposed transaction. PM/DTCC also requests that post conducts a site visit to the company in order to provide Department with an assessment of its business operations and on-site security. Finally, post is asked to assess whether the company appears to be a reliable recipient of USML items. If a site visit is not possible, please inform the PM/DTCC officer.

The following questions are provided as suggested guidance:

--Does the company have supporting documentation for this proposed transaction?

--Does the company have secure facilities and proper accounting and security procedures for handling sensitive USML items?

--What is the exact end-use for this USML item? Will Yeonhab Precision retain positive control over the electrical component parts at all times?

--When was the company established and who are its principals?

--What is the nature of its business -- what type of items does it handle, does it serve as a broker?

--What type of organizations are among its typical customers and where are the customers located?

--Does the company understand the restrictions on United States Munitions List (USML) items, especially the prohibition against unauthorized re-transfers and re-exports?

END ACTION
